An Evening with Royalty Gala is an event sponsored by the Stephenson High School PTSA. The gala will be held on December 12, 2015 at Stephenson High School. The gala starts at 6:00 P.M. This event will encourage and promote family engagement.

The purpose of this event is two-fold. We would like to shed light on the importance of family involvement as it relates to education. It's a proven fact that children achieve better in their school if parents are involved. We would also like for our scholars to experience a classy event that promotes proper etiquette for all ages.

Can you imagine the entire family coming together for a night of elegance?

During this gala, we would like to raise social consciousness for our youth in the areas of dealing with authority, presenting themselves in a positive light and living a successful life beyond school. Stephenson High School PTSA would like to highlight the following; the importance of parental involvement in our schools, parenting today's youth and being engaged with what our scholars are facing on a daily basis.

At this event we hope to initiate and bridge the gap that has disconnected the school, home and the community. Our belief is that it truly takes a village.

Donations made toward this event will assist with giving select recipients a book stipend towards their future college expenses and also assist the PTSA with implementing needed workshops for our community.

We would love for you to attend this spectacular event.

All sponsor, donation and ticket information can be obtained by emailing stephensonhighptsa@gmail.com or by calling 678-676-4225.

Respectfully,

Tonika Snow
